BioAxxis® BD1

Biometric Fingerprint Deadbolt

Unique Features

- Color Options:
 - Brushed Chrome (BC)**
 - Satin Nickel (SN)**
 - Brushed PVD Brass (BB)**
 - Polished PVD Brass (PB)**
 - Oil-Rubbed Bronze (ORB)**
- Solid brass cylinder plug
- One inch brass deadbolt with case-hardened steel roller pin to resist sawing, as compared to hollow tin deadbolts for most other biometric locks
- Each lock package includes one 60mm and one 70mm backset, as compared to more damage-prone adjustable backsets
- Certified heavy-duty deadbolt
- High-quality motor is rated for 800,000 operations
- Weatherproof - Fully resistant to rain, snow, temperature extremes, humidity, UV and dust. No other biometric deadbolt can make these claims
- Two Year Warranty - as compared to most locks with a one year warranty

Additional Features

- Deadbolt is mounted internally through the door for better security, as opposed to externally on the door like many other biometric deadbolts
- Elegant and contemporary appearance
- Non-Handed - will fit any left or right handed door
- Emergency backup keys included (3 keys)
 - *KW1 keyway makes re-keying easy & convenient
- Additional security added with keyhole cover
- Up to 30 users (each user can scan fingerprint 2 times for total of 60 fingerprints)
- Sliding weather cover triggers sensor to power on automatically
- Sliding weather cover also triggers deadbolt to re-engage (no tricky buttons to push or PIN Codes to recall)
- Easy to install
- Easy to program and operate
- Battery operation with low battery alert - non-volatile memory will not delete stored fingerprints (even if batteries expire)

Specifications

Warranty Period _____	Two Years
Fingerprint Sensor Type _____	CMOS Optical
Number of Users _____	30
Verification Type _____	1 to N
Certifications _____	CE & FCC
Scanning Time _____	<1 second
False Acceptance Rate (FAR) _____	< .0001%
False Rejection Rate _____	< .01%
Power Supply _____	AA size alkaline batteries x 4
Operating Temperature _____	-30 F to 150 F
Dimensions (L x W x D) _____	6" x 3" x 1.4"
Weight _____	5 lbs
Door Requirement _____	Wood or Metal
Door Thickness Requirement _____	1 3/8" to 2"
